Scientific Director  
Clinical Trial Services  
(555) 555-5555

Jonathan is a deep and broad thinker, exemplary qualities needed in a successful strategist. His grasp of complex issues informing strategic campaigns is rapid yet profound.

I have helped inform his digital strategic teams on scientific issues, working together to provide client strategic direction, and always found her quick assimilation of information and integration of facts to be remarkable. He is hard working, creative and self-motivated, and it is a joy to work together.

### White Paper: "Social Media: Facing Pharma's 800lb Gorilla"

#### Excerpt:

*For any marketer, losing control over messages about your brand presents risk. But no industry is more sensitive to these risks than pharmaceuticals, whose products must be carefully dispensed, administered and monitored, and whose drug marketing messages are strictly regulated by the FDA...*
